MEMORANDUM

TO: R Personnel Listed on Enclosure

SUBJECT: Roster of Key Personnel in R

Because of the present international situation, it is highly desirable that all key personnel in R be aware of how they may reach other key personnel in the event of an after-hour emergency. Accordingly, there are attached, for your retention two copies of a list of such personnel, together with their home telephone numbers and addresses. One copy should be kept at your desk and one at your home. R/ES will furnish a revised list periodically. If there are errors in this list, or if anyone on the list changes his or her address or telephone number, R/ES [REDACTED] extension [REDACTED] should be advised immediately.
